DIPAN CHANDRA NATH MEMORIAL LECTURE

Mayang Anchalik College is going to organize a memorial lecture in fond memory of *Mayong Khanikar* Late Dipan Chandra Nath, the founder secretary of Mayang Anchalik College GB, every year from this academic session. For this lecture eminent personalities of the state will be invited to acquaint the students with various contemporary issues.

FROM THE DESK OF PRINCIPAL

Welcome to Mayang Anchalik College. Mayang Anchalik College was established on August 13, 1992 to open up the doors of higher education in the economically and educationally backward Mayang region of Morigaon district of Assam. The founding fathers of Mayang Anchalik College nurtured a dream for the upcoming generations of Assam in general and Mayang in particular; they considered the promotion of traditional humanitarian and ethical values, enhancement of literacy, intellectual and all-round development of society as their primary goals and objectives. They hoped to attain such a philanthropic end by means of higher education through the establishment of Mayang Anchalik College.

But the process of globalization coupled with the introduction of new economic and educational policies have resulted in a structural and paradigmatic change both in the realm of higher education as well as in popular perception about its utility. In a drastically changed global scenario, public funded higher education finds itself at a very critical juncture. With the passage of time and to fulfil the ever-increasing demands of the present-day society it has become a challenging task to maintain the quality and standard of higher education.

In the globally competitive environment of higher education, Mayang Anchalik College has very clear approach. Our objective is to turn the challenges of the changing world into wisdom of opportunity for the future. In the wake of the present competitive society, it is our duty to provide the students to have an even footing to compete with others in the national as well as international level. Therefore, along with fundamental knowledge of core subjects for sustaining human civilization and values, we have equally emphasized on vocational, entrepreneurship and self-sustaining courses with better job orientation.

At present, the College is offering TDC courses in the Arts stream under the University of Gauhati. The University has adopted a new educational policy and introduced CBCS (Choice Based Credit System) from 2019-20 session, which will help the students in further developing their studies and move on to the national as well as international level. The college is also going to introduce Online Open Courses as the Internet has now become a primary source of knowledge among the students. moreover the college has also conducting some skill development courses in association with IIE, Guwahati from the 2019-20 session and also we have introduced two B. Voc Courses in TTM and FPQM from the session 2020-21. Moreover, from the 2020-21 session the college has introduced 22 (twenty two) numbers of certificate courses, which are conducted by the academic departments which imparts the students many skills needed for their career. Thus, for the success of our mission we will strictly follow the academic calendar enclosed with this prospectus for the different activities to be conducted in the college. Regular attendance, compulsory attendance in the unit tests and active participation in seminars, workshops, extension education programmes, extra-curricular activities etc. are expected from the students. Moreover, I request the guardians or parents to fully co-operate with the teaching faculty and the college authority, for making our students' career a bright and successful one.

I wish a warm welcome to the new students to the college and hope that their years in this college will be fruitful and knowledgeable.

(DR MAHANANDA BORAH)
Principal
